Mark Wiltshire Golf

To Whom It May Concern

This letter serves as testimony to the work completed and expertise provided by Mark Wiltshire Golf to the Hospitality Property Fund.

Mark Wiltshire Golf assisted in the design and project managed the installation of an extensive upgrade to the irrigation system and complimentary course alterations to the Arabella Golf Course from July 2013 to January 2014.

The project was brought in on time and within budget and the quality of the work and care taken with the golf course resulted in the rankings of the course being unaffected despite large-scale construction work. The impact on the course from a playability and conditioning point of view continues to evolve and improve as the course alters and adapts to its new infrastructure.

I have no hesitation in recommending Mark Wiltshire Golf for any similar works or indeed for any golf related project or consultancy employment. Over the years through my involvement in the Golf Industry and my tenure at Oubaai Golf Club I have had previous dealings with Mark Wiltshire Golf and I have the utmost confidence in their abilities.

Yours sincerely

William McIntyre
Chief Operating Officer
