**OBJECT: REFERENCE LETTER FOR MARK WILTSHIRE & MARK WILTSHIRE GOLF**

---

**To Whom It May Concern:**

I am most pleased to write this character reference letter for Mark Wiltshire and his company Mark Wiltshire Golf (Pty) Ltd.

Mark has been a member of the PGA for 26 years and has been awarded "Fellow Professional" status, which is the third highest level in PGA category status.

I have known Mark Wiltshire since 1985 when Mark joined the Sunshine Tour in South Africa as a full time Professional Golfer. Mark competed at the highest level always mindful of the traditions of the game he treated his fellow competitors with respect and enjoyed impeccable record on and off the golf course.

As Chief Executive Officer of The Professional Golfers Association, I have watched with interest to see how MWG as a young company has developed, using the vast experience that Mark has gleaned through his career as a player and golf administrator. I have experienced first hand the enthusiasm and passion this company has for providing solutions, working with integrity at all times. As a company MWG seeks to provide a complete management solution that I believe is unique in many aspects. The combination of his experience combined with thorough manner in which he goes about selecting his team of people will undoubtedly prove to be an asset to any golf club.

Sincerely,

**Dennis Bruyns**
