To Whom it may Concern,

RE: MARK WILTSHIRE GOLF (PTY)Ltd

We herewith confirm that Mark Wiltshire Golf has been appointed and acted as consultants to Serengeti Golf Club during the construction and pre-opening phase of the golf club.

Mark and his team with their many years of experience within the golfing industry played a huge role and assisted tremendously with the initial business plan, recruitment of key personnel and other golf course collateral.

They also assisted with staffing structures, drafting of operational procedures, and most certainly fulfilled a vital function in setting up the "Serengeti Experience" for our members and guests which you still see at Serengeti Golf Club today. His personal commitment and efforts will always be greatly appreciated.

We therefore would highly recommend Mark and his team for any consulting and management of a business related to the golf and hospitality industry.

Yours Faithfully

LF VAN DER VYVER
CEO
